General Information

Stated purpose of facility: The Receiving Home is a county run, 30-day shelter for dependent youth awaiting placement. The staff at the Receiving Home also manage short term, long term and medically fragile placements for the county. They support foster homes as well. While there is normally a maximum stay of 30 days, youth can be court ordered to stay longer (e.g., to finish school if there is no placement near school, for transgender youth where placement is difficult to find).

Their mission statement is “To provide culturally relevant and trauma informed services for the stability, support and nurturing of residents; to help them strengthen their skills, encourage positive attitudes and to assist them in attaining their educational goals. We will respect the rights of residents to explore life’s options and to maximize their individual potential.”

Type of operating license: CCL group home License number: 415650019

Most recent licensing inspection: 02-09-15

Rating level: They are not assigned a level because they are a shelter, but they estimate that they are the equivalent of a level 12.

Target population of juveniles: Youth needing temporary shelter while finding more permanent placement

Age range of juveniles: 6-17

Juveniles’ home counties: San Mateo and many other counties – Southern California, Sacramento, out of state. Will house runaways until arrangements can be made to return them to their home county.

Pre-Plan for Emergencies: ☒ Yes ☐ No Date of Last Drill: _____

Comments: They have annual staff training on handling emergencies. Information is posted. They have a monthly fire drill. They have an emergency food supply and if they need to evacuate, they would go to Canyon Oaks. They have a van that can take all the residents. They do not have any regular earthquake drills.

Staffing

Describe staff specialties: Mental health clinician that does placement and mental health assessments; Staff with Masters in Drug and Alcohol; Staff with Masters in Social Work. Also have staff with interesting skills/hobbies to engage youth in other activities. For example, there are a few musicians who will play music with the youth.

Describe staff including numbers, background, ethnicity, language: 6 shelter care counselors; 1 full time clerk; 1 full time custodian; 13 extra help. Mostly women.

Ethnicities: Middle Eastern, Islamic, African American, Asian American, Latina, Caucasian

Languages: English, Spanish, Arabic, Vietnamese
Educational requirements for Staff:  For permanent staff, they generally require a minimum of 18 months of experience providing advice, assistance, supervision and direction to dependent and neglected adolescent age children. Two staff have A.A. degrees, most have B.A. or B.S. and about 5 have Master's degrees.

Training provided for staff:  When they start, staff receive 72 hours of shadowing other staff. Senior Shelter Care Counselor Stacy Rusu provides one on one training as well. On their first day, new staff are given a packet that they complete. The training staff has to initial every area that is covered during training. There are also questions that the new staff need to read from the handbook and answer. They are mandated to be CPR/First Aid and CPI (nonviolent crisis intervention) certified. Also, the Receiving Home and Community Care Licensing mandate a minimum of 20 hours of training on various topics such as foster youth rights, trauma, etc throughout the year.

Staff to minor ratio:  
Awake 1:4  
Sleeping 1:4

They adjust according to needs of group but always have the amount required by CCL.

How is staff backup handled during grave-yard shift?: Supervisors on call

Describe staff turnover, including frequency and reason: Low turnover; when staff do leave it is for employment opportunities, life changes with their families, retirement.

Describe general staff and minor interactions: Most of the youth were at the library during most of our visit but the interactions we did see were caring and respectful.

Orientation of Minors

What is in intake process for the facility?: When the youth arrive, they meet with the counselor and social worker to go over the intake packet. They get a tour of the facility and are issued toiletries and clothing as needed.

Are minors oriented to the house rules and procedures?: ☒Yes ☐No  Explain: Reviewed as part of intake process.

Are house rules and grievance procedures posted?: ☒Yes ☐No  Explain: Posted

What is in place to ensure that these rules and procedures are understood by minors?: Rules are reviewed and posted.

Are clothing and possessions inventoried on arrival and departure?: ☒Yes ☐No

How are juvenile’s clothing and possessions protected or stored?: Each resident has a bin located in the central office where they can store items. This office is locked or staffed at all times.

Interviewed Minors: ☒Yes ☐No  Details: ______

Commissioner met with one of the residents. Resident has been at the home for five months and identifies as transgender. Resident reported feeling safe at the shelter and feels valued. Resident stated staff provide a safe place to live and staff are easily accessible. When there is a disruptive resident or crisis situation, staff isolates the others while diffusing the situation. If there are any grievances, resident stated feeling comfortable speaking to staff directly and grievances are generally acknowledged and addressed.

Resident reported that they are aware of shelter rules and are provided a handbook to refer back to.

Residents are allowed one hour of free time per day outside of the shelter. Residents are not granted internet access and are able to use computers only to do homework and type papers. Cell phones are kept in the staff office. Residents are allowed use of cell phones - one resident at a time for limited time. They are not allowed to bring their cell phones in their room for confidentiality reasons.
Resident would like access to phones to listen to music. They are provided radios but are not able to download and listen to music of choice.

Resident expressed gratitude for being awarded extra curricular time and money through point system. Points are deducted for not following rules. Resident feels point system should be restructured and not punitive if resident shows and expresses genuine remorse or if resident shows empathy towards another resident. Resident does not feel points should be deducted for showing empathy by hugging when another resident is crying or in distress.

Residents are provided group therapy daily and have individual counselors/therapists that they meet with weekly. Resident reports feeling supported and having easy accessibility to counselors and therapists.

Resident requests more art supplies such as butcher paper and paint supplies. Resident states accessibility of books is a plus.

Meals/Nutrition

Kitchen: ☑Acceptable ☐Unacceptable: ______________________________________

Discipline of Minors

Describe the discipline process of minors: They use a points program where youth earn privileges and allowance based on their behavior and cooperation. These points earn allowance (up to $20/week) and privileges. They are never locked in their rooms. Staff is trained in CPI and use verbal de-escalation and engagement to work with youth. For more serious offenses (ex: smoking pot on facility, fighting, suspended at school), youth will be considered ‘off program’. This is a 3-day status where they lose privileges. If youth are very disruptive, staff can call the San Mateo County Sheriff. They are very responsive and will come and talk to the youth.

Ms. Dogan mentioned that she would like to simplify the existing point system.

Comments: In past inspections, there was a concern that youth could be put off level if they refused placement. This is no longer the case. If a youth refuses placement, staff will talk to them and explain the benefits but there are no negative consequences with regard to discipline levels.

Grievances

Grievance Process: ☑Acceptable ☑Unacceptable: Youth can talk to Ms. Dogan if they have a complaint. If they do not feel comfortable talking with her, they can talk to their social worker. For a formal complaint, they can call CCL – the number is posted in the common area.

Number of grievances this year: get about 2-4 informal complaints per year

Trends and/or Comments: There were no written complaints.

Correspondence / Telephone

Access US Mail?: ☑Yes ☑No Details: 

Postage Free?: ☑Yes ☑No Details: Mail is stamped in another location by county

Incoming/Outgoing Mail (Screened?  Confidential?): ☑Yes ☑No Details: As long as mail is addressed to the Receiving Home at 31 Tower Road, mail is not screened. If it is mailed to the general county address, all mail is opened and then directed to the receiving home. Outgoing mail is not screened but the sealed envelopes are sent to the county for stamping.
Access to Telephone?: ☑Yes ☐No  Details: Youth often have cell phones that they may use. Can also use landlines in the office.

Visiting

Visiting Schedule: Weekdays _____  Weekends _____  Special Events _____

Visiting schedule is determined by social worker.

Do all minors have access to visitation?: ☑Yes ☐No  Details: ____________

Under what circumstances would visitation be restricted?: By the social worker or by court order

Are visitation logs kept?: ☑Yes ☐No  Details: Specific visitation logs are not kept by the home, but visitors must sign in and out of facility. Visits are mentioned in the daily log and social workers document visitation.

Adequate Space: ☑Acceptable ☐Unacceptable: ____________

Staff Supervision: ☑Acceptable ☐Unacceptable: Staff does not supervise visits. If supervision is necessary, it is provided by social workers or family care workers.

Privacy Provided: ☑Yes ☐No  Details: ____________

Games or Activities Provided: ☑Yes ☐No  Details: ____________

School

List the schools your residents attend: They try to keep youth in their home school district. It was summer break during our inspection, but last semester they attended Carlmont High School, Ralston Intermediate, Hillsdale High, Aragon High and Gateway.

How is transportation to school provided?: Schools are good about providing transportation. Older youth will often take the public bus.

Are students able to participate in school-based extra curricular activities?: Yes

Is tutoring available?: Yes, it is arranged through the educational liaison. The county has a contract with a tutoring agency and sometimes tutoring is provided by the school.

Adequate Supplies, Books, Paper, Computer?: They provide paper, etc. Some youth have their own laptops. Receiving home also has laptops for youth to use for schoolwork and they can also use the staff computer in the office.

Access to Computers/Internet?: ☑Yes ☐No  How is this managed?: Staff keep an eye on youth when they are on the computer.

Describe the relationship between school and staff: There is an educational liaison from the San Mateo County Office of Education that helps youth with registration (if necessary), transportation, IEPs, etc.
Comments

General comments or concerns that should be noted that have not already been addressed?:

Several years ago, there was some concern that the county might put out an RFP for the operation of the Receiving Home. This is no longer an issue.

AB 403, the Continuum of Care Reform, is affecting all group homes in California. The Receiving Home will be changing from a shelter to an STRTP (short term residential treatment program). They will be running groups 4 days a week with outside clinicians. These groups will cover different areas, like drug/alcohol and eating disorders, and will be more intensive than they are now. They will add a family therapy component to their program. They will also be assigned a public health nurse so they will have a single point of contact in the county health system.
