- Chaired by Chief Probation Officer/identified members and executive committee members identified in AB117 cleanup legislation
- To develop a 2011 Implementation Plan of Adult Population Shift (most likely will not be in place by October 1/need to identify initial issues to be resolved on case-specific basis)
- To discuss issues in population or means to supervise/serve population in advisory capacity

C. Update on Funding Streams/Allocation Process

Speakers recognized by the Chair:

David Boesch, County Manager

- State formulas for how much county receiving
- 3 main funds: Adult Population Shift/Services, DA/Private Defender, CCP planning/AB 109 startup
- One time funds of approximately \$450,000 to help CCP plan/start
- \$4.2 mm in the first partial fiscal year starting October 1.
- Seemingly significant but anticipate will be spent down rapidly
- Need to be strategic in how allocate
- Seems appropriate for Executive Committee to discuss short term needs
- Need larger set of discussions on how to track spending and outcomes to ensure efficient, effective use of funds over time
- CCP to discuss funding strategy for recommendation to Executive Committee and then Board of Supervisors

Louise Rogers, Deputy Chief, Health System

- Question regarding whether or not \$4.2 mm covers only those returning from prison or also those who will no longer be sentenced to prison
- Response that is to cover all supervision and support services for both populations
- Clarification that if we follow current legislation, state will still be out of compliance with 3-judge panel and will need to lower standards further and release more people. Currently expect 30-48 at minimum in October

D. Discussion and Decision regarding Implementation Plan Creation Process
